

Tailgating by Bonanno's Fine Catering

Bonanno's Fine Catering creates a custom experience for each tailgate based on the specific needs and tastes of each client. We pride ourselves on customizing events to suit our clients' budgets. In order to determine those right choices and to sort out wants and needs, knowing the client's range of investment for each event is crucial. It avoids unnecessary rehashing for our clients, and enables us to come up with a proposal efficiently and expeditiously!

We offer many different options we can transport freshly prepared from our kitchen or bring our mobile kitchen to you for preparation on site. The possibilities of what we can prepare for you are endless, from Gourmet Burgers & Hot Dogs to Filet Mignon, Bourbon Glazed Baby Back Ribs, Fajitas & Kabobs. Bonanno's can do it all and more.
